MOON 60 *Appointment Only!*

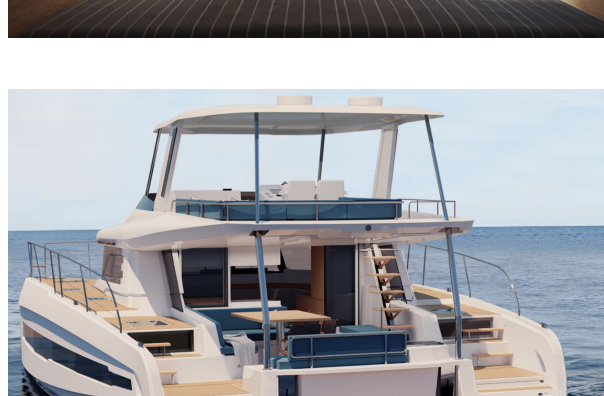

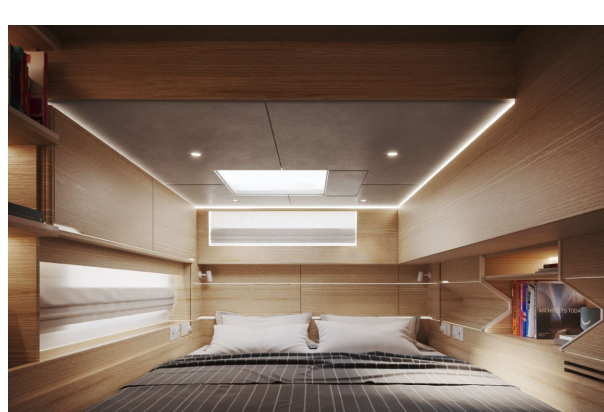

Moon Yacht is a completely new quality in the world of catamarans.

Our inspiration was the moon and its amazing power. Moon from the earliest times helps in navigation and allows you to maintain a good course. Its positive energy affects each of us. It improves and increases inner strength, and in us it triggered a new idea. Our project is a response to the growing customer demand for spacious and specially personalized catamarans.

Open Viewing!

CERVETTI BY DUFOUR

Bold. Dynamic. Comfort. Cervetti Catamaran's innovative and playful design welcomes you with open spaces, oversized lounge areas, and a spacious flybridge that affords panoramic views. Cervetti delivers on superior build quality and a superior price point making it the perfect catamaran for charter or private use.
